MEDIA ADVISORY

Touching Miami with Love Welcomes Open House Ministries as NEW Homestead Site of Touching Miami with Love

The children of Open House Ministries are excited about joining the TML Family and all the new opportunities that this merger will provide!

As Touching Miami with Love begins our 20th year of ministry, it is with much excitement that we share with you our family is growing. The TML family welcomes Open House Ministries as they join Touching Miami with Love as our Homestead Site. We're pleased to come alongside such an outstanding ministry with a solid history of providing quality services to the community of West Homestead.

Since 1992, Open House Ministries has been serving the high need community of West Homestead and currently has programming for 75 beautiful children, 30 high school youth, with 6 amazing staff. There will be no staff changes at either site as Wanda transitions from Executive Director to Site Director. Programming at both sites will continue in much the same way with some further trainings and opportunities coming to Homestead. As we consider what this change means in the long-term scope of our organization, we will refer to our new site as Open House Ministries, our Homestead site or OHM site for short.

Be on the lookout on social media for pictures and news of the wonderful programming with children and youth that happens year-round at OHM. We'll be sharing news of how you can join in hands-on as well. We do hope that as we welcome our sister site to the TML Family that you too will welcome them as well. Thank you again for entrusting us with your gifts as we continue our mission to share the love of Christ as we provide HOPE, OPPORTUNITIES, and RESOURCES to our communities of Overtown and West Homestead!
